☀️ ⚙️ Agro-photovoltaic: Where the solar energy meets sustainable agriculture.

Agro-photovoltaic (APV) system presents a solution to the pressing need for increased solar energy capacity while resolving competition over land use. With the EU aiming for significant renewable energy expansion, APV can bridge land optimization difficulties by combining solar energy production with crop cultivation, therefore producing energy and food at the same time, while offering investment opportunities for partners in this area and fostering collaboration with local communities in their transition to renewable energy.

The EAGER project facilitates the adoption of APV across partner regions. By fostering a shared understanding of this technology, identifying best practices, and enhancing policy instruments, this project is paving the way for greener future.

As a selected potential stakeholder of EAGER project, we would like to invite you to take part in our Hybrid Launch Event on 26 April 2024 online. Your participation and insights are valuable as we work together to enable the widespread implementation of APV.

EAGER – Hybrid Launch Event Agenda

26th April 2024

Project Presentation to the public

Venue: Technology Centre for Energy, Wiesenweg 1, Ruhstorf an der Rott

Online: [Zoom link](#)

Event language: English

Time	Activity
09:00-09:45	Lab tour (only for on-site participants)
09:45-10:00	Press photo
10:00 – 10:15	Opening speech by TZE
10:15 – 10:30	EAGER project presentation
10:30 – 10:40	Policy instrument 1: Land use planning (Bauleitplanung) of the Municipality of Ruhstorf an der Rott
10:40 – 10:50	Policy instrument 2: European Funds for Podkarpackie Region 2021-2027
10:50 – 11:00	Policy instrument 3: Provincial Strategic Plan (PSP)
11:00 – 11:10	Policy instrument 4: Policy plan Space – Province Flemish Brabant
11:10 – 11:20	Policy instrument 5: Integrated Development Plan 2021-2027 of Strelcha Municipality (IDP)
11:20 – 11:30	Policy instrument 6: Strategic plan of the Nuovo Circondario Imolese NCI
11:30 – 11:40	Policy instrument 7: Agriculture and Rural Development Strategy Plan 2023 2027
11:40 – 11:50	Policy instrument 8: Development Plan of Backa Palanka for the period 2022-203
11:50 – 12:00	Policy instrument 9: Regional Development Strategy of Zakarpattia Region for the period 2021-2027
12:00 – 13:30	Networking lunch and farewell (only for on-site participants)
